About La Cuisine de Manou

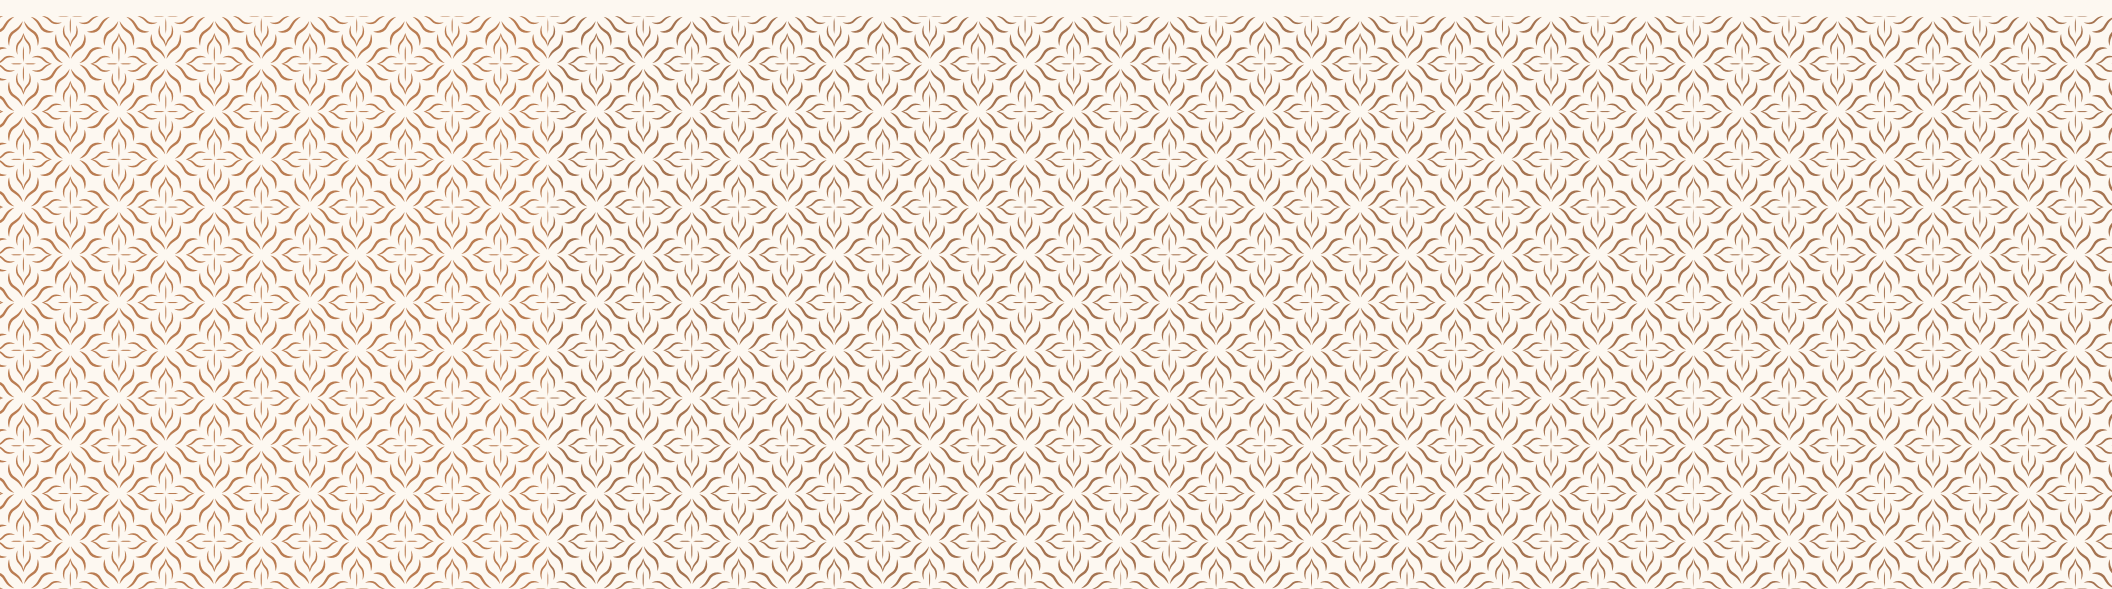

Since opening our doors in November 2014, La Cuisine de Manou has become a beloved name in Abu Dhabi's culinary scene. What began as a passion for homemade food and heartfelt hospitality by Manou, our very own founder and owner, quickly turned into a mission to make La Cuisine de Manou the go-to provider of authentic flavors and memorable dining experiences.

At La Cuisine de Manou, food is more than just a meal—it's a way to connect, to celebrate, and to share love. Every dish on our 100% homemade menu is crafted with care, rooted in tradition, and bursting with flavor. It's this dedication to quality and authenticity that continues to set us apart. Our expertise lies in full-service catering across Abu Dhabi and Dubai. Whether it's a cozy private dinner, a joyful baby shower, an elegant wedding, or a large-scale corporate event, we bring our signature warmth, creativity, and attention to detail to every occasion.

From custom-designed menus and floral arrangements to tableware, linens, and everything in between, our team ensures every element is thoughtfully curated and beautifully presented—so you can focus on enjoying the moment.

In 2021, we opened our first café at the Alliance Française in Khalidiyah, a space that brought our flavors to a broader community. Though it later closed, our journey didn't stop there. In early 2024, we proudly opened our second café at the American Community School on Saadiyat Island, continuing our story in a vibrant new setting.

With our breakfast and coffee break packages below, we are honored to be a part of your celebrations and everyday moments—and we look forward to sharing many more meals, memories, and milestones together.
